Dear Paul, Richard, Marty and Lance,

This was disseminated at the Arab Law Students Association and Solidarity for Palestinian Human Rights program this afternoon at Nat Taylor Cinema.
It was distributed by Social Science Professor David Noble.

As I am sure you can imagine, we find this very troubling because individuals are named under the rubric of Jews controlling York University.

Please be in touch tomorrow morning so that we may conference on the best way to handle this situation.

Sincerely,

Talia Klein & Tilly Shames
